### BESCHREIBUNG

---

Schäden: keines

ID number: 74947  
MECHANICAL Jib/ Arm  
BRAND: Genie/ Terex  
MODEL: 4M/900KG  
YEAR OF CONSTRUCTION: 2010  
WEIGHT: 270KG  
CONDITION: Used

Jibs, winches and fixed hooks easily transform a Genie® telehandler into a small crane for greater flexibility and efficiency, being essential on a construction site for moving and positioning a load in high places. If the hydraulic quick coupling is added, these accessories can be mounted easily and quickly.
