EXTRA'S

BESCHRIJVING

Schade: schadevrij

ID number: 74947
MECHANICAL Jib/ Arm
BRAND: Genie/ Terex
MODEL: 4M/900KG
YEAR OF CONSTRUCTION: 2010
WEIGHT: 270KG
CONDITION: Used

Jibs, winches and fixed hooks easily transform a Genie® telehandler into a small crane for greater flexibility and efficiency, being essential on a construction site for moving and positioning a load in high places. If the hydraulic quick coupling is added, these accessories can be mounted easily and quickly.
